### How did the Fund perform in the last year?

For the twelve-month period ended June 30, 2024, the NexPoint Event Driven Fund (the "Fund") Class A returned 8.10% compared to the Bloomberg U.S. Aggregate Bond Index return of 2.63%. During this period, the use of securities sold short offset the Fund's return (0.29%) and the use of derivatives offset an additional (0.30)% to the Fund's return. This outperformance of the Bloomberg U.S. Aggregate Bond Index is largely attributable to the idiosyncratic nature of the Event Driven strategy. Furthermore, the opportunities within the Event Driven space have been robust and the Fund's outperformance is attributable to our active management of the Fund.

### Householding

Rule 30e-1 of the Investment Company Act of 1940 permits funds to transmit only one copy of a proxy statement, annual report or semi-annual report to shareholders (who need not be related) with the same residential, commercial or electronic address, provided that the shareholders have consented in writing and the reports are addressed either to each shareholder individually or to the shareholders as a group. This process is known as “householding” and is designed to reduce the duplicate copies of materials that shareholders receive and to lower printing and mailing costs for funds. Shareholders who have consented to receive a single annual or semi-annual shareholder report at a shared address may revoke this consent by contacting us at 1-877-655-1287.
